

BUDDHA RELIC

In Gangtok, Sikkim Nov 24th till Dec2013

A precious collection of sacred relics of the Buddha and many other Buddhist masters is touring the world. The relics were found from among the cremation ashes of Buddhist masters. They resemble beautiful, pearl-like crystals. The relics embody the master's spiritual qualities of compassion and wisdom. Visitors often report experiences of inspiration and healing when in the presence of the relics. While some are inspired to pray for world peace and to develop their inner wisdom, others are overcome by emotion as the powerful effects of the relics open their hearts to compassion and loving-kindness.

The relics are clearly visible inside display cases that encircle a life-size, golden statue
